## Description per area

---

### General description

SARINHA is one of the world's most stunning 40-knot sports cruisers. Its dazzling finish is utterly captivating, and its lines are so perfectly balanced that it seems almost impossible that such beauty could be designed. This impeccably engineered 44ft (13m) masterpiece is filled with exquisite, practical features, all crafted to make life on board as effortless as possible.

SARINHA is equipped with an abundance of sturdy handrails, additional spring cleats, and a sophisticated, electronically controlled bimini that seamlessly folds beneath the deck mouldings when not in use. If you were a motorboat designer, this might well be what you would have envisioned.

"This is one of the nicest Rivarama's on the market. Lightly used, in quintessential Riva Majestic Blue and fully refurbished in 2022. With over 120 Rivarama's crafted by the Riva shipyard since 2004, SARINHA is certainly worth of consideration."

### Layout

The layout is simple, yet elegant. The entire below-decks living area is for the exclusive enjoyment of the owner. Forward, there was a double berth with reading lights and an array of beautifully crafted drawers. Amidships and to port, hidden from view, is a refrigerator, cooktop, microwave oven and stainless steel sink, with adjoining cupboards and upholstered drawers loaded with cutlery, pan set, and a china for four all emblazoned with the Riva logo. To dial it up another notch, a "champagne cooler" comes as standard, which is a deliciously decadent feature. For the Crew there is a single-berth, single-head stateroom accessed via a cockpit hatch.

---

## Optional list

---
